TWITTER UPDATES

At the Provide, we have the pleasure of working with many talented Interior Design Professionals and in the case of Anna Dhillon Design we were able to collaborate on the firm's brand design as well as be a go to source for all their accessories needs.

By way of introduction, Anna Dhillon obtained her Associate Applied Science Degree in Interior Design at Parsons, The New School in New York City and apprenticed in the New York Office of the internationally acclaimed Skidmore, Owings and Merrill. Anna recently relocated to her native Vancouver and opened her own firm that specializes in high-end residential and commercial work.

We are proud to say that Anna's new website launched this week and beautifully profiles her stylish and sophisticated work in a very impactful way. Photography credits go to the very talented Janis Nicolay.
